

Hasler Can Help You Build Your Total Mailing Solutions

Count on Hasler for complete, end-to-end, fully-compatible solutions for all your mailroom needs. Add Hasler's innovative software to your digital mailing system for accurate accounting and pinpoint tracking of both inbound and outbound shipments. Utilize the WJR30 Roll Tape Dispenser with your WJ185 for easy application of postage -- with pressure-sensitive labels that never require peeling and adhere to any surface. Or maximize productivity and efficiency by integrating a Hasler folder/inserter with your system.

Whatever your needs, Hasler has a solution to meet them -- and the capability to continue to meet them as they change and grow.

WJ185 INTERFACED WITH HASLER'S M4000 FOLDER/INSERTER.

HASLER
America's better choice.®

EASILY PROCESS UP TO 185 LETTERS PER MINUTE WITH THE WJ185

The WJ185 is a user-friendly, cost effective mailing system that is both compact and quiet. With the WJ185, you can automatically feed mail and accurately track costs for multiple accounts -- starting at 50 standard accounts and expanding to meet your business needs. With these features and its remarkable ease of operation, the WJ185 is ideal for the professional office with multiple users.

PROCESS MAIL MORE EFFICIENTLY BY WEIGHING IN MOTION AND ELIMINATING HAND SORTING!

Imagine how much faster and more efficient your mailing process would be if you didn't have to sort and weigh mixed-weight mail by hand. That's precisely what happens when you combine the WJ185 with Hasler's Dynamic Weighing Platform (WJDWP). The Dynamic Weighing Platform, with built-in size and thickness sensors, enhances the performance of the WJ185 by providing accurate and efficient processing of mixed weight mail up to 2 pounds-- at up to 105 letters per minute-- it even calculates the rate for oversized mail. When operating in Dynamic or Batch modes, there is no need to sort or weigh by hand. It's fast, accurate, and fully automatic! You'll reduce labor costs and increase productivity with the touch of a button.

And you'll also save time with the WJ185, thanks to a number of advanced features, including the option of differential weighing, which allows for easier and faster mail processing at various sizes. Imagine quick and accurate weighing and metering of everything from single business envelopes to large packages all at the same time. There's no time wasted sorting various sized mail. Differential weighing does it all for you in one easy step. In fact, the WJ185 provides up to 300% faster processing time over conventional weighing methods, which means all of your mail is now handled quickly and with complete ease.

Imprint Samples

Easy to use large touch screen makes it simple to program repetitive jobs or modify print modes

Hasler offers a better choice in mailing systems and a complete line of easily integrated options to enhance productivity in your mail center.

HASLER'S WJ185 MAKES IT EASIER TO:

Save money on ink refills. Our high capacity ink cartridges yield over 240% more impressions than our competitor's, at a lower cost per imprint.

Save Time by programming up to ten of your most repetitive jobs easily on a large touch screen.

Customize mailings with User Text (five customizable), Advertising Dies and Mail Class Dies (five pre-loaded and four customizable of each).

Meet the cost control needs of businesses. Track 50 standard mail center accounts -- expandable to grow with your business.

Weigh, rate and print postage at the touch of a button. With the WJ185, an autofeeder and the WJDWP, you just place the mail in the feeder and press "GO".

Ensure accuracy and speed by interfacing with Hasler's full line of scales and weighing platforms.

Feed and seal envelopes automatically with instant thickness adjustment.

Replenish postage funds directly and immediately with a quick download via Hasler's Telemeter Setting® (TMS) service.

Secure your system's funds with 4-digit PIN password protection.

Eliminate the need to manually feed individual tapes. With the Automatic Tape Dispenser you have the ability to program up to 99 labels at the touch of a single button.

Guarantee a clear, crisp, no mess imprint every time thanks to HP inkjet technology.

Meet government standards for digital meters with USPS IBI compliant indicia.
